

State sets deadline for protest

By AL POST
ANP Staff Writer

Although no objectors to the proposed \$15.6 million interchange construction at I-94 and Vining Road appeared at a public hearing Dec. 5, area residents still have until Jan. 6 to file any environmental statements with the Michigan Department of Transportation.

Such information should be mailed to Philip Chisholm, public hearings officer, Bureau of Transportation Planning, Michigan Department of Transportation, P.O. Box 30050, Lansing, MI 48909.

The interchange is being proposed to provide better access to existing and planned economic development centers in or near the project area since Metro Airport is expecting a major expansion south of the interchange.

Having considered six alternatives, MDOT has now eliminated four of the proposals.

The remaining two options were a no-build alternative and the "preferred alternative" and the center of interest at the public hearing.

It features a five-ramp partial-cloverleaf interchange that would tie in with relocated Vining Road and the weave lane to both directions of I-94.

The new Vining Road would be bridged over the railroad tracks and the freeway at a suitable angle.

The western relocation and skewing of Vining Road help provide the required clearance for the future runway protection zone, according to a transportation department spokesman.

The partial cloverleaf design of this interchange would extend the distance between the ramps of Merriman and Vining interchanges.

This extra distance along with the new merging lanes would help traffic to and from the Merriman, Vining and Wayne Road interchanges, the state spokesman said.

The design of the ramps affords greater capacity, airport protection zone clearance and integration to the existing ramp systems of both interchanges at Wayne and Merriman.

Tougher drug checks urged

By AL POST
ANP Staff Writer

A determined group of about 30 Romulus High School students demanding tougher drug use enforcement cut classes and picketed in front of the high school Monday from 7:40 a.m. to 1 p.m.

They later were suspended for the day by the school administration.

The leader, Christy Taylor, said the protest was made following a series of meetings of Teens Against Drugs (TAD) in which complaints of open drug use by students were outlined.

Christy claimed that many students--even some freshmen--are using drugs within the school and parking lot area.

She claims that marijuana, cocaine and alcohol are among the drugs used by students.

Superintendent of Schools Dr. William Bedell, when informed Monday of the picketing by Principal Thomas Dolan, told Dolan he wanted the students' "fannies back in school or they will be suspended."

When they refused to return to classes, Bedell said, the students were suspended for the day (although at one time three-day suspensions were being planned.)

About 10 students also were asked to bring their parents to

school today to meet with assistant principals for potential discipline, Bedell said.

The school superintendent stated "alcohol seems to be the drug of choice in Romulus."

He calls it a "severe problem", but claims it is not being consumed on campus.

The student group "wants us to strip search" to find the alleged drugs, Bedell said, "and we don't want to violate the students' First Amendment rights."

The superintendent said "we have a strict drug policy that demands student exclusion from school if he or she is guilty of heavy drug possession or sale."

In addition, Bedell said "we have an active Students Against Drunk Drivers program at the high school and only last week had a group of rappers perform in the auditorium for juniors and seniors."

Bedell said he had no problem with the students staging a protest, but hoped they would do it before and after school and "not ignore their education."

The students however braved the bitter cold (with temperatures in the teens) and cut classes to continue their school-day-long protest.

2 men die as car, county truck crash

By AL POST
ANP Staff Writer

Two executives from a Japanese firm in Southfield were fatally injured Sunday when their car skidded over a median on Merriman Road in Romulus and crashed into a passing Wayne County sand truck. Three days earlier a cyclist was also killed on Romulus streets.

The victims were identified as Katsuchi Yamada, 46-year-old president of NabCo USA Inc and the driver of the car,

and Ryuichi Sakumoto, 27, marketing and sales manager of the firm and a passenger in the auto.

The victims were the seventh and eighth persons killed on Romulus roads in 1991. They reportedly were traveling from their homes in Birmingham to Metro Airport when the crash occurred.

Romulus Police Officer Rick Schwartz said Yamada's car was traveling south on Merriman, when he apparently lost control of his 1992 Mercury Marquis shortly after

he passed under an overpass, skidded over the median and landed broadside in the path of a county truck.

The force of the crash caused massive damage to the car and required aid from members of the Romulus Fire Department to extricate the passenger, who later was pronounced dead on arrival at Ann Arbor Hospital.

Several persons listed as doctors reportedly were giving CPR aid to Yamada when first officers arrived at the scene, but left before investigators

could question them, according to police reports.

In a separate incident, during a rainstorm on Thursday night, a 31-year-old biker was killed when he was struck by a car near the Salvation Army Adult Rehabilitation building on Goddard Road.

The victim, Conrad Strange, reportedly was pedaling his lightless bike the wrong way on Goddard Road when he was struck by the vehicle.

Strange, a beneficiary of the Salvation Army Rehabilitation program, originally was from

Central Detroit. He was the third cyclist to die within the city in 1991.

He was pronounced dead at 11:16 p.m. Thursday at Ann Arbor Hospital.

Schwartz said Strange was only a short distance from the driveway of the Salvation Army, when the accident occurred.

He also urged that holiday time drivers exercise extreme care, slow down and allow extra time for commuting during poor weather conditions.

World War II memories recaptured here in print

The television documentaries focused on the 50-year anniversary of the bombing of Pearl Harbor brought back another memory for George Simko of Romulus.

Simko, a school maintenance worker, recalled vividly his actions at the time and knew he had even saved some documentation of that fateful time.

"All of a sudden I remembered the newspaper I had saved marking the end of the war," Simko said. "When I bought the newspaper back in 1945, I read it and was about to discard it. But then I felt tossing it away would have been a slap in the face of all the American servicemen who had fought and died in World War II."

"I just couldn't throw it away, so I put it in my dresser and saved it all this time."

workers at the Romulus school system and then stopped and visited with *The Romulus Roman* staff.

The huge red and black headlines declared on Aug. 14, 1945 "Japs Announce Surrender" and carried a United Press wire story quoting a Swiss broadcast that said the Empire of Japan had accepted Allied terms for surrender.

Simko said it cost only five cents to purchase the newspaper then. "Today it is a priceless memory for me," he said.

Nurse aides class to begin Jan. 20

The Romulus Adult Education unit is working to overcome the shortage of certified nurse aides via training programs that have already produced 40 graduates.

Ed Clark, project coordinator, said the next seven-week training session will begin Jan. 20.

Upon completion, students will meet entry level competency skills required of long-term care, home health aides, nurse assistants and nurse aides.

Clark said the "training program was developed and written by Jennifer Meeks and Evelyn Hopewell, both registered nurses and instructors with the Romulus schools."

"Because of their efforts, the Michigan Department of Public Health granted state approval to Romulus Adult Education to operate a nurse aide training program," he said.

Some of the graduates are working at local health care facilities, Clark revealed, while others are pursuing additional certification or have enrolled in a Registered Nurse program at a community college.

Friends of Homeless meeting set Dec. 21

New phone prefix 955 will be added

Michigan Bell announced today that customers seeking new service in Romulus will be assigned a new telephone prefix.

"We had to add the new 955 exchange because our other exchanges—941, 942 and 946—had all reached their peak in the Romulus area," said Charlene Mitchell, Michigan Bell public relations director for the area.

Each telephone prefix creates up to an additional 10,000 phone numbers Michigan Bell can assign for customer use.

The 941 exchange was created when Michigan Bell converted Romulus from "crank" to dial phones in 1955.

Christmas spirit abounds at Metro

By AL POST
ANP Staff Writer

The jolly Christmas spirit—complete with Santa and Mrs. Claus, dazzling lights, huge Christmas trees and miles of festive garland and roping—arrived early at Metropolitan Wayne County Airport this year.

Passengers arriving or departing from Metro Airport are

placed in a solid-holiday mood by the cheerful airport employee greetings, caroling in the Davey Terminal area and the distribution of coloring books and candy canes by Mr. and Mrs. Claus.

The interior of the terminals have been turned into photographers' delights with thousands of holiday light displays, seasonal ornaments and red-plaid ribbons trimming six

massive Christmas trees—the largest 20 feet tall in the Davey Terminal.

Exciting fresh garlands with bright red bows have been hung outside the upper-level entrance to the Smith Terminal and inside the Mezzanine Balcony has been draped with roping and red velvet bows.

Similar festive roping, ribbons and bows are strung about Northwest Airlines ticket counters and restau-

rants nearby, as well as decorated wreaths with white doves and shiny gold ornaments in all terminals at the airport.

Each airline has added more color by displaying poinsettias and miniature trees in the customer areas.

Late last week Northwest Airlines employees treated holiday travelers to hour-long renditions of classic Christmas caroling both at 11 a.m. and 3

p.m. on two successive days.

Children are given extra attention by volunteer Wayne County employees dressed as the famous gift giver of the season—complete with red beard and white whiskers.

Wayne County Executive Edward McNamara and airport officials also announced their top seasonal wish was that everyone in the Metro Airport area have a safe and happy holiday season.

Fairness doctrine approved

A doctrine of fairness in race and ethnic relations has been approved by members of the Romulus City Council.

Mayor Beverly McAnally said the doctrine approval has been sought from area municipalities by Gerald M. McCaffrey, chairperson for the Southeast Michigan Council of Governments, as a "first step to a regional commitment to improving the quality of life for all citizens."

The doctrine—with a code name "The Detroit Principles"—concludes with the following agreement:

—to share the responsibility for, and work with others in and out of our community to eliminate the disparities that now exist between racial and ethnic groups.

—to refrain from engaging in any practices that maintain above listed disparities.

—to weigh our business, institutional and individual decisions in light of their adherence to these principles.

Robbery suspect nabbed

By AL POST
ANP Staff Writer

A sharp-eyed private citizen, a taxi driver and police in Romulus and Taylor teamed up last week to nab a gas station robbery suspect within hours after the incident occurred.

The suspect reportedly had entered a gas station in the 9000 block of Middlebelt shortly after 4 a.m. on Dec. 7 and asked to use the rest room.

When the clerk was refused, he left the station office briefly and then returned and began roughing up the woman attendant, ultimately knocking her to the floor.

He demanded "give me all your money or I'll kill you." The attendant reportedly pointed out the money box, which the robber grabbed. He also demanded the money from the cash register.

As the robber fled the office with the money, he was spotted by a private citizen, who had witnessed the assault and robbery.

The citizen, in classic Hollywood-style, hailed a passing taxi cab and yelled "follow that vehicle."

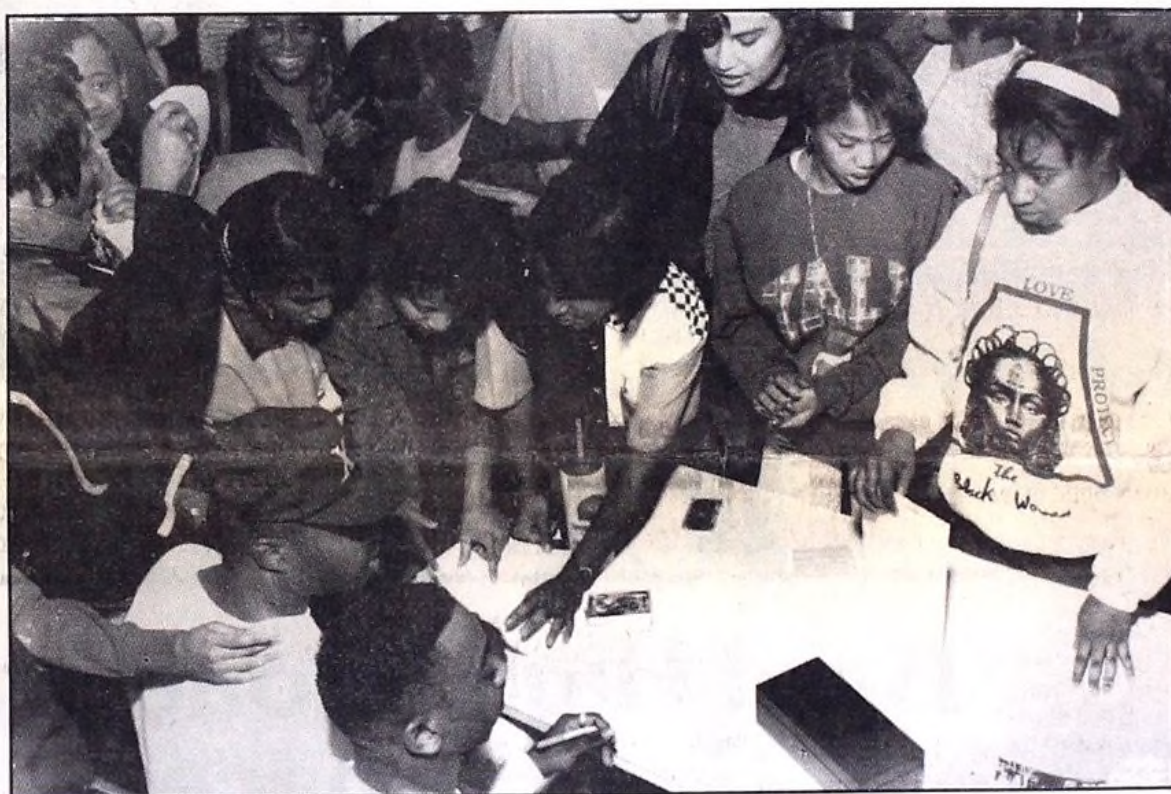

Through the pursuit effort, the citizen was able to obtain a total description of the van and the license plate number and turn it over to Romulus police.

A short time later, Taylor police notified Romulus police that a suspect arrested there on a disorderly charge, fit the description put out by Romulus law enforcement officials.

The suspect, William James Rouse, 21, of Jackson, was arraigned in 34th District Court on a robbery charge and ordered held on \$10,000 bond.

Anti-drug message delivered

By AL POST
ANP Staff Writer

A touring quartet of rappers specializing in anti-drug and anti-alcohol songs performed for more than 450 Romulus Senior High School juniors and seniors Dec. 10 in an effort to curtail substance use during the holiday season.

The group from Pontiac known as QTMC gave a free half-hour performance including renditions of their copyrighted songs *Family, Think, Don't Drink and Drive, Peace and Word Games*.

The performance was co-sponsored by the 7-Eleven company and was arranged for by Police Officer Rick Schwartz, advisor to the school Students Against Drunk Driving group.

"The rappers really got the students motivated," Schwartz said, "as within minutes about 80 percent were singing and clapping with the performers."

Schwartz said the young singers proved to be "good role models" and spent time after the show signing autographs for the students.

The response to the performance was sensational, he said, "I heard no negatives at all."

QTMC (Quite Talented Microphone Controllers) members include John Foster, dancer; Steve Coleman, rapper; Jorge Payne, keyboards and Michael Meadows, dancer.

The group has performed 150 music events promoting anti-drug lifestyles, 75 of which were sponsored by 7-Eleven. They have been involved with Project Graduation, the Detroit All-Star Connection, MDA Telethon, as well as fundraisers, high school assemblies, graduations and prom parties.

The main ecological disadvantage of the site would be the disruption of 13.4 acres of wetland, 6 acres less than a rejected alternative. In addition, plans call for MDOT working

While some disruptions are expected during construction, the long-term impact should include increased retail and office centers, more employment opportunities, a larger tax base and additional traffic, the planners have said.

Readers seek answers to future

ASK ELIZABETH
The Psychic Connection

Dear Elizabeth,
My birthday is Oct. 26, 1917. Will next year be a better year for me? I am alone and in poor health. It seems everything I have done to help my children has not been enough. I have been very depressed.

Thank you, Margaret

Dear Margaret,
You are such a giving and compassionate woman that I find it hard to believe that you haven't done enough for your children. Your chart shows that you would give your last dime to your children if they needed it. I'm sorry to hear that they are so ungrateful. I hope they realize what goes around comes around.

Please join a senior's group where you will meet new friends.

I imagine you would have some problems with your back and legs hurting you. Your health will be better after February.

Love, Elizabeth

Dear Elizabeth,
What do you see in the near future for me? Do you see a marriage for me and my friend? My birthday is March 12, 1923 and his is Oct. 4, 1923.

Thank you, L.C.

Dear L.C.,
You are a great humanitarian. You want to save the world and its problems. You want to help your friend with his problems and he's easy going enough to let you do it.

If you want to get married you'll bring it up, but you're not quite that bold. Sounds like a stand off to me for a while. Your charts show that you could get married between 12 and 18 months.

This has been a physically exhausting year for you. Fortunately, you will start to feel better around the time of your birthday next year. Watch your finances for the first six months of next year.

Love, Elizabeth

Dear Elizabeth,
Please help. I would like to know what to expect in the near future. I was born Feb. 8, 1939. Will my work place get better? Do you see a move? Do you see a companion? Do you foresee any health problems?

Thank you, M.C.

Recycle holiday trees for future

By JOAN DYER-ZINNER
Belleville City Editor

There's plenty of life left in the family Christmas tree after the holidays, according to growers.

Among the suggestions by the National Christmas Tree Association are:

- Place the tree in the garden for use as a winter bird feeder and shelter. Orange slices and bird food can be used to attract birds.
- Because Christmas trees are biodegradable, the branches can be removed and used as mulch in the garden and the trunk can be chopped for mulch.
- Large quantities of trees make effective sand and soil erosion barriers, especially at beaches.
- When sunk into fish ponds, trees make excellent refuge and feeding areas.

Some communities have recycling programs for their trees. For example, Van Buren Township residents can bring their trees to Van Buren Park Jan. 4 and 5 and the trees will be exchanged for seedling certificates which may be redeemed in the spring.

The recycled Christmas trees are used as shelters for animals. The trees also can be processed into mulch and wood chips can be used along the park trails.

Dear M.C.,
What an intelligent woman you are. You are a true friend and your friends love you for it. If you say you'll be there, you're there. They can always count on you.

I see a companion for you in the next seven months. You may meet him through your friends. This will be a year of major changes for you. Your work place will be better by the end of the year, but someone may be leaving that you do not want to see go. They want to teach you something new at work.

If you would be moving, it would be after June. Things still seem to be up in the air until February. Pace yourself better so that you don't feel so run down in January.

Love, Elizabeth

The Christmas Story

First-grade students of Barbara Mroz (back row, far right) gathered around the Advent wreath in their classroom to talk about Christmas.

Fourth graders tell the age-old tale of holiday mystery and magic

If you want to capture the meaning and spirit of the holidays, the best way is to ask a child.

"Jesus' birthday" is the answer supplied by first-graders John Estrada and Scott Wallace. "Sharing and giving" highlight the season, according to Christina Roberts and Jennifer Poplin.

For the past four weeks, the story of Christmas has been discussed by Barbara Mroz's first-grade class at St. Mary's School, Wayne. As the 34 students light the candles on the Advent wreath in their classroom, they talk about their plans for the season as well as the religious significance of the holiday.

With a few cues from their teacher, the first-graders told the first Christmas story.

"In the days of Herod, king of Judea, there was a priest named Zechariah," the teacher began, pausing to allow the children to provide parts of the story.

She continued, "Later, an angel came to Mary and said....." "Do not be afraid," the class chanted in unison.

First-grader Joseph Gill provided the name of Mary's husband, Joseph. Amy Wallace added the information that he was a wood worker or carpenter.

Mark Huntoon, Amanda Ditmore and John Estrada continued the Christmas story with Christopher Tedders adding the important fact that Joseph and Mary were traveling to Bethlehem "to have their names put in a book."

"In those days a decree went out from Caesar Augustus that all the world should be enrolled," the first grade teacher said.

Someone thought that the couple rode to Bethlehem on a camel, but Nicole Nolan was sure that it was a donkey. Daniel Shionokochi knew that shepherds were in the adjacent hills and Amanda Ditmore added that angels also appeared to them.

"And, in that region there were shepherds out in the field, keeping watch over their flock by night," the teacher continued narrating the Nativity story.

Once again the 34 children chimed in, "do not be afraid," when asked what the angels first said to the shepherds.

"Now, when Jesus was born in Bethlehem of Judea, behold wise men from the East came to Jerusalem," said the teacher, pausing for the students to complete the next part of the story.

Kari Coleman was certain that three wise men next heard the news, but the names of Magi didn't come easy to the youngsters. The first-graders remembered the gifts of gold, myrrh and frankincense. Everyone knew what gold was, most knew that myrrh was an oil used for perfume or incense and others knew - with a bit of coaching from their teacher - that frankincense was an incense.

When asked how they were preparing for the holiday, the pupils had enthusiastic responses.

Bridget Holliday said she was preparing for the holidays by helping to select the family Christmas tree in the lot at St. Mary's.

Jesse Woodell said his contribution to the holiday prepara-

tions was "to be good."

"I'm helping to clean up and put up the stocking," said Christopher Tedders.

Other first-graders talked of helping with the holiday baking, house cleaning and decorating.

The first-graders have made up their Christmas lists for Santa Claus with Amanda Johnson asking for a kitten, Amanda Ditmer and Kara Makins requesting puppies and Amy Wallace hoping for a toy walking dog. Ross Reynolds has a Nintendo game on his list and Erin Bierkamp has her eye on a bicycle.

Bikes, pets, games, tape recorders, a "G.I. Joe Cobra something or other" and an assortment of toys were named as tops on the list for first-graders Sarah Bjerk, Melissa Brewer, Emily Carter, Kari Coleman, Andrea Fogarty, Amy Henry, Jennifer Herge, Francheska Jennings, Stephanie LaPensee, Kara Makins, Arnie Michael, Mary Moylan, Jennifer Poplin, Christina Roberts, Matthew Sova, Michael Tilson, Scott Wallace, Jesse Woodell, Kari Worden, Keesha Yates and Steven McConnell.

Many of the students bought gifts for family members at the Secret Santa Shop at the school, but because they wanted the gifts to surprise the recipients, they didn't reveal their names.

Nail clippers, bracelets, toys and jewelry items were popular selections. However, one first-grader hoped to surprise her mother with a kitten and another wanted to present a ruby ring to her mother. Not to be outdone, another first-grader said she planned to give her grandmother a diamond bracelet for Christmas.

A practical young man decided on a hot glue gun as the perfect gift for his papa (grandfather).

And, for all of us, the youngsters wish the gifts of peace, good will and love.

I. **PURPOSE.** To provide a standardized schedule of fees to be assessed under the Ordinance. The fee schedule is designed to allow for a fair and reasonable recovery of direct costs incurred in the arrest and prosecution of intoxicated or impaired drivers found within the City. Further, the additional specified fees are designed to eliminate the possibility of a distribution of overall costs by averaging. This schedule is designed, generally, to require restitution by those individual drivers who create a need for the service indicated.

II. POLICE DEPARTMENT COSTS

Opinion

The punishment fits the crime

Traditionally, a new year usually brings it resolutions about changes in lives and lifestyles.

There is the omnipresent annual vow to lose weight, stop smoking or begin to lead a better life. These usually last only a few months or until the individual making the pledge decides that these New Years resolutions would be best given up for Lent.

But state lawmakers have taken the concept of changes for a new year seriously and beginning Jan. 1, 1992, there will be a whole new attitude and philosophy regarding drunk driving in this state.

It's about time.

Now, impaired drivers will face nearly \$4,000 in costs in addition to the increased charges for automobile insurance they will pay. New laws require that a drivers license be surrendered and physically destroyed at the time of an arrest for drunk driving. Convictions for driving under the influence of alcohol will require a mandatory 30-day license suspension or, upon a second offense, require that the offender spend 48 hours of consecutive jail time or 10 days of community service.

And that's just the beginning.

Lawmakers have also determined and approved a five-year felony offense for any person convicted of drunk driving which causes a long-term incapacitating injury to another person. Any conviction for drunk driving which causes death will now be a 15-year felony in the state of Michigan.

They aren't fooling around here.

In 1990, 738 people died in alcohol-related crashes in Michigan, that's 47.2 percent of all accidents. Statistics demonstrate that two of every five state residents will be involved in an alcohol-related accident and that one of every three people killed in one of these alcohol-related accidents is not the drinking driver.

We cannot strongly enough support these new laws and these new penalties. It is unfortunate that it has taken until 1992 for these penalties to become effective and for laws to be enacted which will protect the victims of drunk drivers.

For that is what we are, every one of us, a potential victim. A drunk driver has no conscience and no control. Both the mind and the body of these killers are impaired and every individual is threatened by their actions.

We hope these new laws force these irresponsible and dangerous individuals to take action to protect others when they decide to drink. We hope drunk driving will now be accepted for what it is...a life-threatening criminal offense.

Our lawmakers have given us, each and every one, one of the most important and significant gifts any holiday has ever brought. They have taken steps to protect our lives and the lives of our children.

We each owe them a debt of gratitude.

Our deepest sympathy

Last week, tragedy struck when 13-year-old Jacob Becker choked on a hot dog at school and subsequently died.

Our deepest most heartfelt sympathies to his parents, his family and his friends and classmates at Romulus Junior High School.

The tentative hold each of us has on life is never an easy realization and the impermanence of life is rarely considered in our youth. Those who knew and loved Jacob Becker are faced with the end of a life not completed in a freak and frightening accident.

The impermanence of our lives and those of the people we love might be worth consideration, particularly at this time of year. Each of us could face the grief, the despair and the pain that Jacob's family and friends must now endure. Their pain could so easily be ours.

Perhaps we ought to tell those we cherish that we love them, today and every day.

It might be our last chance.

THIS SAYS PENALTIES FOR DRUNK DRIVING ARE CHANGING... GETTING TOUGHER!

TOO BAD THEIR VICTIM'S PENALTY CAN'T CHANGE, TOO...

Postmaster asks for cooperation

To the editor:

Snow will soon be falling and once again the Postal Service respectfully requests the cooperation of residents and businesses in keeping walkways clear. Shoveling and sanding or salting stairways and sidewalk approaches to mail boxes will help prevent many of the slipping and falling injuries suffered by letter carriers each winter. Our carriers are anxious to provide you with quick, efficient service but will be unable to if mail boxes are inaccessible due to snow and ice. Please keep the following points in mind this winter:

- Door delivery: Because of the potential for injury, letter carriers are not permitted to attempt delivery where there is heavy build-up of snow and ice on sidewalks, steps and porches. Painted porches are a particular hazard when covered with even a dusting of snow. Do you have handrails by the stairs? They can prevent a minor slip from becoming a major injury to yourself or visitors to your property.

- Curb delivery: Again, because of the accident/injury potential, carriers are not permitted to dismount for curblines blocked due to snow and ice build-up. Nor are they permitted to back up. Clear away the snow back to the curblines for at least 6 feet on both sides of the box so the carrier may approach and leave without backing the vehicle.

If you've ever slipped on someone's unshoveled walk you've experienced the frustrations of our letter carriers and know the potential for injury. So when the snow begins to fly please consider your mail carrier, newspaper carrier, etc. who must face these hazards daily. Continued cooperation like that received in previous years will enable them to give the quality of service you deserve. And all visitors to your home will benefit.

Board members loyalties questioned

To the editor:

People of the Wayne-Westland community, we have a very interesting develop-

LETTERS

ment here. We have newly-elected school board members who are admitted members and even officers of a local special interest group supposedly representing the people of the community. (This group's only interest is power and control)

That's like living in a bigamous marriage. You can't serve two masters equally. One is being deceived. Which one? It seems to me the recall committee is looking at the wrong people. Your three most recently-elected board members and your new residing board president should be the names on your recall list.

The school district is in danger of being run like a Kremlin. Is this what we want? Voters look closely at your choices.

Thanks expressed to library supporters

To the editor:

Now that the expansion of the library is well under way, it seems to be the proper time to thank the many people involved who helped turn this necessary dream into true reality.

Our Library Director Debra Green, was certainly a driving force who took the initiative in making application to the State of Michigan for matching funds for this project of \$200,000.

The Tri-Community Library Board consisting of Bob Heron, Diane Melvin and Joan Oddy coordinated planning information and successfully communicated same to their respective community boards.

Mayor Glen Silvenis of Belleville, Supervisor Marvin Banotai of Sumpter Township and David Jacobes of Van Buren Township provided the leadership in working with their boards to secure the funding for local matching of the grant, without an added tax burden to the residents!

the work and cooperation noted above plus the efforts by many other concerned citizens, show that we can work effectively for a common good.

The new library will represent an expenditure of approximately \$500,000 to virtually triple the current space avail-

able for this important service.

Our sincere thanks to all involved.

Political reform proposed for campaigns

To the editor:

Do you feel frustrated and powerless like I do? Do you feel our country is going downhill because of the stupidity and greed of our public servants in government? Do you want your legislator to represent you instead of some rich and powerful group?

Then we must demand campaign reform. This is the key that will return power back to the people. Political campaigns are too long and they cost too much money. We must demand that a limit be put on the amount of money that can be spent. Otherwise only the rich and powerful groups, the special interest groups, will have enough money to influence legislation.

Then we the public must pay for it through public financing. One way to reduce costs is to get the television networks to donate free time to candidates for a political debate. We spend public money for so many stupid things. Let's get our priorities straight for a change and spend our money on something that will benefit our country for making democracy work and put the power back in the hands of the people where it belongs.

Take time for real meaning of holiday

To the editor:

Can it be the Christmas season already? The days slip through our fingers like water. Just last week it was spring, only yesterday the summer sun filled our day, and now autumn is gone and we are looking forward to Christmas.

It is the fashion in our society nowadays to anticipate the birth of Christ with a countdown of 20, 19, 18... shopping days until Christmas. It is the time of mad rushing to buy, buy, buy rather than seizing the opportunity to prepare ourselves for the genuine joy that the Christmas celebration was meant to bring.

In our world of Lionism, Christmas means hope, love and most of all, a time for giving. Yes indeed, we try to culti-

vate hope in the lives of others. We try to assure the less fortunate that better days are ahead, and we offer our help as much as we can.

As Lions members we must not be only concerned with our own comfort. But, to experience joy, we must come to the rescue of individuals the world has forgotten. These are: the developmentally disabled, the aged, the poor and the hungry individuals both young and old. In other words, we tend to find joy by giving to these individuals who have good reason to be unhappy due to their misfortunes.

In this special giving season, I am appealing to all of you kind and generous folks to include Lions Candy Canes on your Christmas shopping list. Merry Christmas.

Dr. Raymond Sayegh
Belleville Lions president

Westland police receive praise

To the editor:

The quality of public service rendered by members of the City of Westland continues to impress me, as well as I am certain, numerous Westland citizens.

This past Saturday evening at 12:35 a.m., I received a call from my son Mark and wife Laurie who had seen their car run out of gas on I-275 under the I-94 viaduct. They needed gas to continue to their Canton home, but my wallet indicated a total of \$8. Instinct led me to the Westland Police Department to seek a gas can so I would not be required to place a deposit on the rented gas can. The officer on duty treated me with courtesy and respect while listening to my plea for the use of a gas can. Sergeant Lennis Hayes appeared, wished me Merry Christmas and happy holidays and upon learning that a gas can was unavailable presented me with a \$20 bill to use as a deposit on the gas can.

This is the kind of quality public service and personnel we enjoy in Westland. It all begins with a positive attitude and a strong desire to serve. Sergeant Hayes is a credit to the department and the citizens he serves. This attitude starts at the top where a professional like Michael Frayer serves as police chief and Larry Lane serves as fire chief.

All-Area Girls' Basketball Team

Carrie Rachwal, a versatile athlete who also starred in softball, is the lone Glenn representative on the elite team. A senior who started after breaking into the Rocket lineup as a freshman, Carrie pumped in 13 points per game and collected four assists per outing. A fast and deceptive ball player.

Stephanie Gray, the dominant, 6-foot junior catalyst of Plymouth Canton, was selected to the All-State team. Gray led the Chiefs to a stellar 21-5 regular season record in 1991, and guided Canton to the district championship, the regional crown, and the state semifinals before the Chiefs bowed to the eventual state champs.

Cindy Potter, a 5-5 point guard from Wayne, also is a junior who was "a tremendous asset to us", says coach Chuck Henry. Potter's credentials include an unselfish style of play that counted for eight assists per game. She also contributed five points per. The Potter-Moore combo next season should make Wayne a contender in 1992.

Salem's Thomann is top cage coach

There is one big reason why Plymouth-Salem is a title contender in girls' basketball year-after-year. That reason is Fred Thomann.

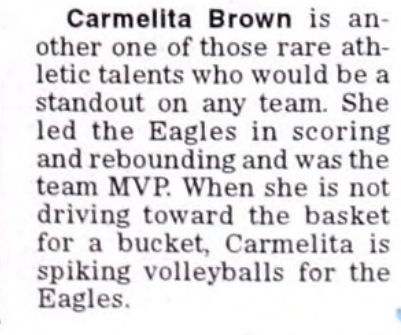

Since the veteran basketball coach has come on to the Plymouth-Salem scene, the Rocks have won 178 of their 217 games. Salem was undefeated in the Western Lakes Conference this year and only a revenge-seeking, natural rival, Canton managed to stop the Rocks from getting out of the toughest district in the state.

After beating Canton twice during the regular season, Salem fell victim to their arch-foes in the districts. Salem settled for a 18-5 won-lost season, after finishing 14-0 in the conference. At one stretch, the champs had a 17-game winning streak. In his eighth season as head coach at Salem, Thomann has been to the top of the pile with his men's basketball teams. His team at Willow Run captured the Class B state championship. What is behind the phenomenal success story? "Work ethics," Thomann says. "There is a willingness here to sacrifice, to prepare to be successful."

Cyndi Platter, a 5-foot-11 junior forward from the standout Plymouth Salem basketball team, was the Rocks' second leading scorer this season, contributing 10 points per game. Platter also averaged nine boards a game, and played with an aggressive, hard-nose style.

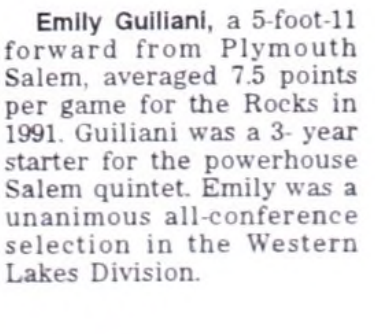

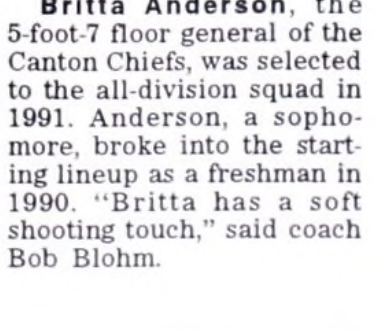

Lateefa Moore, a second-year performer for the Zebras of Wayne, also was named to the all-Wolverine 'A' Conference team. She accounted for 10 points and 15 rebounds a game. "She definitely was the mainstay of this team," noted Wayne coach Chuck Henry. "She will be the backbone of next year's team."

Darcie Miller, a 6-foot-1 tower of talent for Plymouth Salem, averaged 15 points per game while hauling down 12 rebounds and dishing out seven assists a game in 1991. Miller, a senior forward-center, was voted to the All-State team, and led the Rocks to an undefeated Western Lakes Division season.

Christina White, a lanky 6-foot center-forward, was the basketball franchise at Inkster High this season. A dynamic player who has a year of eligibility remaining, Christina provided the Vikings with 18 points and 10 rebounds per game. "She's an outstanding inside rebounder and a player that can do just about anything for you."

Belleville defense provides key to first 2 victories

By TOM MOORADIAN
ANP Staff Writer

Defense and some clutch free-throw shooting lifted Belleville to two key basketball victories last week.

Damont Bellinger sank two decisive charities with less than 30 seconds left in the game as Coach Michael Garland and the Tigers won their 1991-92 season opener, 56-55, over an always-tough Livonia Stevenson Tuesday.

Then, on Friday, Belleville launched the defense of their Wolverine 'A' Conference title with a 57-37 victory over Wyandotte.

However, the Belleville modest two-game winning streak came to an abrupt end in their initial appearance in the Operation Friendship Invitational where the Tigers lost a 40-37 defensive duel against state-ranked St. Martin DePorres on the University of Detroit floor.

Garland said he was pleased with the early performances of his club.

"I feel we have a good team, a team that will improve," Garland said. "St. Martin is ranked in Michigan's top 25, and we managed to stay with them all the way. In fact, if we had shot our free throws, we would have won this game."

Belleville canned only 12 of 33 offerings at the foul line. DePorres was not much better. The Eagles made 10 of 10 free throws.

With Tony Tolbert leading the way, DePorres edged to a 9-5 first-period lead, but Tyrone Hicks and Ralph Truitt managed to come up with back-to-back baskets to bring the Tigers within one (16-15) of catching their rivals at halftime.

time. Belleville went ahead 26-25 for three periods, but the Eagles outscored their rivals 15-11 to hand them their first defeat of the 1991 season.

Hicks and Truitt each had nine points. However, Tolbert's 14 stood up as the game high.

Belleville, behind Garland Johnson's seven points, outscored Wyandotte 21-6 in the second period to salt away their league opener Friday night. The Tigers had a 35-18 halftime advantage as the Tiger coach used his bench indiscriminately the entire second half.

Mike Ryan had 12 points for the winners, while Nate DeLong collected 13 for the Bears.

The season non-conference opener went right down to the wire as the Tigers took a 18-15 lead and increased it to 29-23 at half. However, the Spartans cut the margin to 45-43 for three. Belleville hung on to win thanks to Bellinger's free throws.

Hicks, the Tigers' 6-7 center, tossed in 18 points and nailed 12 rebounds, while Truitt also was in double figures with 12. Stevenson got 15 points each from Bryan Furlcas and Colin Stockton.

Belleville will make its home debut tonight (Thursday) against league rival, Lincoln Park. They also are scheduled to participate in the Benton Harbor Holiday Invitational, playing a 7 p.m. Dec. 27 game against Detroit Cass Technical High School. In the nightcap, Benton Harbor takes on Detroit Denby.

The championship will be decided Dec. 28.

Rockets encounter early cage flack

By Terry Lynch
ANP Special Writer

There was no easing into the 1991-92 basketball season for Westland John Glenn and Coach Pat Bennett.

The Rockets encountered some early flak away from home and fell to state-ranked Ypsilanti, 88-75, in the season opener for both teams.

Bennett summed up the first half as a cold dose of reality.

"They (Ypsi) came out hot, hit a few quick ones and the crowd got going. We had a scare that we were going to get blown out," Bennett said.

Paced by 10 first-half points by Johnny Epps, the Braves caught the Rockets off guard. And before the Westlanders could regain their poise, they were looking at a 49-21 deficit.

"Ypsi is a very tall, very talented team with great rebounding and quickness," Bennett remarked.

In a move to shy away from being embarrassed, Glenn made some necessary adjustments at the break.

"Rather than dwell on the negative," Bennett related, "I told the guys to give maximum effort in the second half. Win or lose, we would be able to hold our heads up if we did."

It apparently paid off. The Rockets came out and made a game of it the second half. However, they had spotted their hosts too much. Sparked by team captain Kevin Champion's efforts, the Rockets outscored the Braves 26-16 in the final frame. Champion got some help from center Ken Taylor, who dumped in 18 points. He also had nine boards. Micah Orr also was in double figures with 13.

"Orr played well defensively in an offense-oriented game," Bennett pointed out.

Epps finished with 18 and teammate Shannon Williams added 14 for the winners.

Westland played its final game of 1991 Tuesday night against out-of-league rival, Wyandotte. The Rockets aren't scheduled to play again until Jan. 7 when they head for Ann Arbor Huron for their third consecutive road game.

Romulus 'spikers' face tourney test

They won't be playing for any league titles this year, but you can bet that Romulus High has some goals for the 1991-92 volleyball season.

Coach Gail Coleman's Eagles will be spending more time at tournaments. And, hopefully, bring home more medals.

Romulus dropped out of the South Central Conference at the end of the school year in June and, while school offi-

cial look around for a suitable new home, the Eagles will play as independents.

"I feel we have a solid defense in this club," said Coleman, who launched her 10th year as head coach last night at a triangular meet involving New Boston Huron and Melvindale. "We have a couple of big hitters as well."

On Saturday, the Eagles will get their first shot at a tournament title.

Young and bold

Vikings prove they can play with the best

By TOM MOORADIAN
ANP Staff Writer

Although they failed to find their way into the winning column in their first two starts, Inkster cagers may have served notice that they are a power to contend with this season.

With first-year coach Spencer Grant at the wheel of the Vikings' cage machine, Inkster fell in the opener to Detroit Mumford, 76-57. On Friday, Flint Beecher used 26 of 37 at the free throw line to beat the Vikings 70-62.

Is Grant disappointed?

"I am always disappointed when we lose," said Grant, who replaces George Thompson Jr. as head coach. "However, these kids showed that they can play with the best.

Beecher is ranked in the top 10 in the state polls. They beat us at the free throw line. And Mumford is no pushover."

Grant, who was the junior varsity coach moved into the head coaching job when Thompson resign after more than 28 years of coaching.

The 49-year-old Grant said his team is young and are making typical first-game mistakes.

"We had 26 turnovers in the Mumford game. I have to attribute that to first-night jitters," Grant pointed out. "We have to cut down on our mistakes, and also we can't let the opposition intimidate us."

Inkster stayed with the Detroiters the first period, trailing only by five (22-16) as the quarter ended. However, But Mumford's Dave Greene drilled eight of his 10 points in the second period to stake

the Detroiters to a 25-10 margin, and the Vikings failed to take appropriate counter measures. At halftime Inkster was looking at a 47-26 deficit.

Albert White, Inkster super freshman, led a second-half surge that helped the Vikings close within 13, but that's the closest they got. White finished the game with 10 points and 16 rebounds. Teammate Thalamus Martin, a 6-1 senior forward, chipped in 13 points and Jerry Jordan added 10 for the Vikings.

The Viking trio couldn't offset the excellent effort by 6-5 Mumford senior, David Fields, who walked off the floor with a game-high 26 points.

At Beecher Friday night, Martin and White combined for 18 of their 23 fourth-period points, but that wasn't enough

to erase a 20-point (59-39) third-quarter deficit.

Flint led 18-13 and 26-25 after the first two periods.

White finished with 27 points, the game high and Martin added 12. Kenny McMillan counted 24 for the winners, while 6-5 forward David Patton accounted for 14. Flint also cashed in on 26 of 37 at the free throw line. The Vikings made 12 of 23 charities.

"If we had shot our free throws better, we could have pulled this one out," said Grant.

Inkster will begin the 1991-92 Suburban Athletic Conference season Friday night at home to Oak Park. The Redskins are the unanimous pre-season SAC title favorite.

"This should be our first real big test," says Grant.

Over 30 hockey favorites roll

Undefeated Harlow Tire continued to race toward the Wayne-Westland Over 30 hockey title as the league leaders buried Millar-Weinberg, 8-1.

The victory boosted Harlow to an enviable 11-0-3 record, the best in the conference this season.

Mike Villemure and Jerry Robertson paced the winner's assault with two goals each. Greg Barbaza, Tim Souter, Norm Beasley and Jim Creekmore also had goals.

Creekmore, Darryl Nowacki, Mike Beals, Mike Kangas, Dave Fishwick, Mo Paquette, Bob Black and Rick Rattai also carded assists.

Millar-Weinberg averted the shutout thanks to a goal from Ed Spontack. Gary Ledger and Arnie Cox were given credit for the assist.

In the meantime, Wild Bill's Fun Center and Paddy's Pub skated to a 5-5 tie.

Paddy's trailed by a goal late in the third period when Chuck Pankow fired the equalizer into the net. Jerry Moses skated off the ice with two goals for Paddy's, with John Porter and Rich Ergonis also tallying a goal each. Ken Langlois scored twice for Wild Bill's. Mike Cleaver, Carl Pawlowski and Jeff Wozniak added one goal each.

Wild Bill's record is now 8-4-2 on the year, while Paddy's has a 5-6-3 mark.

Top of the Flame turned back Sportswear Design, 4-1, as the winners received a pair of goals from Ray Matthews and a goal each from Ken Sova and John Ballarin.

Mark Walla scored the only Sportswear's goal. That came with 52 seconds remaining in the game to ruin the shutout bid.

Sportswear's record dipped to 5-8-1.

In other action, Jeff Addley scored a hat trick to lead the Wayne Heating & Cooling team to an 8-2 victory over Daly's Drive-In.

Mike Greer, Steve Wildman, Dave Hunt, Tim McNamara and Ray McGee each had goals and assists.

Sam Foddrill and Jim Knipp accounted for three assists. Wayne Heating improved its record to 10-3-1.

On the other side of the ledger, Paul Ihlenfeldt and Steve Riedy scored for Daly's, whose

record stands at 4-8-2. Mike Dickie got an assist for the losers.

P.C. Outlet exploded for a 12-2 victory over D.J.'s Lounge in the mismatch of the week. Tom Mazorowicz led the winners with four goals and two assists. Dale Robert, Ed Schechter and Walt Fishoff each had two goals.

Mark Giordano and Sam Stavreski added single goals, while John Clearwood chipped in three assists. Jeff Faigle, Conrad Madaleno, Ernie Hunter and Dan Duszkievicz also earned assists.

P.C. Outlet lifted their record to 8-4-2.

D.J.'s got their two goals from Clyde Ayers and Gary Tilson. Tim Wilson, Mike Godvin and Wayne Robert each had assists for the losers.

Howell Tool & Gage handed Jake's Again a 4-1 setback as Dave Frankling scored the first two goals for the winners on penalty shots. Errol Pulk and Jerry Peterson counted one goal apiece.

Drains Run Slow?

You'll never have a slow running, or clogged drain again!

The secret? Clean drains don't run slow.

The "slows", or periodic clogs, are SIGNALS that a thick layer of GOOK is choking your pipes.

Grease, hair, and other waste stick to your pipes, with every use. This gook deposits along the entire length of the pipe. It chokes your pipes gradually, as it gets thicker and thicker.

Conventional drain openers can't fix slow drains. They react chemically on the surface of the gook. To be effective, they must remain in contact with the waste. Even a small tunnel through the gook lets them flow out to the sewer, leaving the gook behind.

In the past, the only way to remove this build-up was to root-

er your pipes. An expensive, temporary measure.

Now, with just a few minutes each month, you can easily clean out your pipes... and KEEP them clean with Plumb Clean®. It clings, and penetrates deep into the gook. No other product has the Plumb Clean® formula. That is what allows it to liquefy even years of build-up. Plumb Clean® will clean the entire length of your pipes. It will make your drains run like new, when used as directed. This penetrating action is so revolutionary, we stand behind Plumb Clean® with a money-back guarantee! Don't be confused. Plumb Clean® is the brand with the money-back guarantee right on the label.

Saves Money. A 1 lb. jar of Plumb Clean® holds up to 41 drain treatments. Even if drain openers could fix slow drains, it would take over 10 quart bottles to get the same number of treatments. Plumb Clean® costs about 35¢ per treatment. We don't know of anything that cleans drains for less.

Independent laboratory studies show Plumb Clean® more effectively breaks down organic waste than all other products tested. So, if your drains have the "slows", act now. Get safe, guaranteed Plumb Clean® today!

Changing places Inkster store moves to a new location

By MARGO DEWEY
ANP Feature Editor

A longtime successful business in Inkster just got better.

Pacific Draperies owner Harold Moses has moved his establishment to a new location, 5908 Middlebelt in Garden City. The new site has more updated facilities which cater to the convenience of the customer, according to Moses. "It's a bigger building which provides the ability to have different displays and more of a variety of the displays," Moses said.

Pacific Draperies was situated in Inkster for 40 years. The primary business involves custom-window treatment with draperies as well as blinds.

"We have a large selection of fabrics on hand," Moses said. "We offer decorator services as well as an installation service and fast delivery within a week."

Drapery decorating has been a tradition in the households of many families. Whether an individual is looking for a modern look or one that is more traditional, Pacific Draperies has a number of designs to satisfy any customer, according to Moses.

"We have had thousands of satisfied customers from our service," Moses said. "Draperies continue to be as popular as ever. If some customers decide to use blinds, they usually end up with some type of drapery treatment for the top of the blind."

Pacific Draperies has a variety of rainbow-colored drapes and blinds available. Besides the drapes and blinds, the establishment also has the necessary accessories including rods and chains.

"In addition we have a large

selection of unclaimed custom draperies that are less than ready made, but the quality surpasses the ready made," Moses said. "Also, the type of fabric is more ready made than the ready made selection."

Anyone interested in beautifying their home with drapes or blinds can either make an appointment or walk in to Pacific Draperies. The establishment is open 9:30 a.m. to 6 p.m. Monday through Saturday and 9:30 a.m. to 8 p.m. Friday.

The new business number for Pacific Draperies is 421-0000.

TRAVEL TIPS

Amsterdam is one of the most beautiful cities in Europe and one of the best for a single destination visit. Seventeenth century homes still line the streets and canals. Inside these buildings you'll often find wonderful museums including the home of Rembrandt, open to the public since 1911. The home of Anne Frank, where her diary was written, is also a museum.

This is also the perfect place for those who like to wander independently or to base themselves in one place and take day trips. This is easily arranged in Amsterdam where you can visit other Dutch cities or travel further on the excellent European rail system. You can take one day excursions to Drenthe, an area known for its ancient burial mounds dating back 5000 years and the near-by Noorder Dierenpark in Emmen, where animals are housed according to country of origin.

Less than an hour away are the Hague, Delft and Rotterdam, all easily reached by rental car or rail. The Hague is the site of government and many buildings are open to the public. There are also museums and art galleries with some magnificent 17th Century paintings. Nearby Delft, known for its blue and white earthenware, is also a marvelous city in which to wander as is Rotterdam, the port city of Holland.

Another city loved by visitors is Maastricht where you'll find more restaurants and bars per city block than anywhere else in Holland. In a country known for wonderful, hearty cuisine, you won't go hungry anywhere, so forget your diet and call us for reservations to Holland.

Cleanup planned

By AL POST
ANP Staff Writer

The long awaited Rouge River clean-up moved a mighty step closer this week, as Congressmen John D. Dingell (D-Trenton) and William D. Ford (D-Taylor) joined Wayne County Executive Edward J. McNamara in a press conference outlining the implementation of the \$46 million clean-up plan.

The funding was approved by Congress in October and Dingell said "it represents a major victory for the clean-up of the Rouge River." It also was listed as the cornerstone of a National Demonstration Project.

"By cleaning up one of the greatest single sources of pollution to the Great Lakes, this project will restore the Rouge River to a cleaner and healthier status and become a much more valuable resource to area residents," Dingell said.

GREAT COLLEGE HOCKEY... AT "THE JOE"

Christmas Fudge

- 2/3 cup evaporated milk
- 2 tbs. margarine
- 1 2/3 cups BIG CHIEF SUGAR
- 1/2 tsp. salt
- 2 cups tiny marshmallows
- 1 1/2 cups semi sweet chocolate chips
- 1 tsp. vanilla
- 1/2 cup chopped walnuts

Put milk, margarine, BIG CHIEF SUGAR and salt in saucepan over medium heat. Bring to boil. Boil 5 minutes stirring continually. Remove from heat. Add remaining ingredients. Stir. Then beat with spoon 1 minute. Marshmallows should be melted. Pour into greased 8x8 inch pan. Cool. Cut into squares. Makes about 2 pounds.

Local business blooms

By KEVIN LITWIN
ANP Staff Writer

For the seventh consecutive year, Keller and Stein Florist and Greenhouse of Canton Township has been honored as being one of the top florists in the nation.

Keller and Stein, located at 42158 Michigan Avenue just west of I-275, has been recognized as a "Top 125" member of Florists Transworld Delivery Association (FTD). There are approximately 24,000 florists that are FTD members worldwide.

"We are proud of this accomplishment," said owner Clark Keller. "It reflects our commitment to quality, service and fair pricing. And also I'd like to credit our great employees who have been with our company for years and are dedicated to our high standards."

A plaque was awarded to Keller and Stein for the volume of outgoing FTD wire orders placed in fiscal 1990-91. The florist was commended for excellence in managing an efficient floral operation, as well as the quality of service and performance of employees.

Keller and Stein has been in operation since 1898 when the company originated in Detroit. Keller bought out the Steins some years back, but decided to keep the original name. The company moved to Canton in 1984, according to Keller.

"We couldn't be happier in Canton," Keller said. "Canton is expanding like crazy, and we're glad to be a part of it." Keller and Stein has recently undergone expansion, resulting in a larger showroom and a roomier parking lot.

"We put in a new parking lot this fall," said retail manager Jan Wood. "We plan to do some extensive landscaping along Michigan Avenue in the spring, along with putting in lighting."

Keller said that there are additional plans to build another greenhouse in the spring

on part of the five acres of land he owns.

Although Keller and Stein specializes in flowers, the flower shop offers many other items for sale. The showroom is adorned with terrariums, stuffed animals, scented candles, ornaments, clocks, figurines, balloons, greeting cards and other assorted knick knacks.

Keller employs his daughter and son-in-law, and says he has a son that will probably get into the business to help carry on the legacy. In all, Keller employs 30 individuals.

Along with the Canton location, Keller also operates a facility in Livonia called Nick Bos Florist, located at Seven Mile and Farmington roads.
